

41st Annual
Southwest Missouri
Spring Forage Conference
February 25, 2025
Oasis Hotel and Convention Center
2546 North Glenstone Ave., Springfield, Mo 65803

The 2025 Spring Forage Conference Vendor registration is now open!!!!

We are so honored that you have considered joining us again this coming February 25, 2025 at the Oasis Hotel and Convention Center in Springfield, MO for our annual Spring Forage Conference. If you have attended in the past, then you have already received a letter prior to this. If you are new to our conference, welcome and we hope you will continue to come back year after year.

There is a multitude of topics during this year's conference, but our Keynote speaker is Dr. Gary Bates, Professor and Head Of University of Tennessee Plant Sciences, and needs very little introduction. Dr. Bates's educational program emphasizes the practices needed for profitable forage production. Forage species selection, establishment, fertilization, harvest and storage are the major areas of his program. Current education programs include grazing schools, bermudagrass hay schools, and several multi-county field days. Most recently, Dr. Bates interests have expanded into organic forage. We are excited to hear what he has to say, and hope that you will plan on joining us.

Contact Person: Jody Wade (417)468-4176 x 3 office, jody.wade@swcd.mo.gov
